DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on 08/16/07 has been fully considered and entered.

Information Disclosure Statement

2. The prior art documents submitted by applicant in the Information Disclosure Statement filed on 08/16/07, have all been considered and made of record (note the attached copy of form PTO-1449). However, none of the references, cited in the Information Disclosure Statement, teaches or suggests an optical cable of the claimed invention.

Reasons for Allowance

3. Claims 2-5 and 24-34 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all the limitations recited in claims 26 and 34. Specifically, the prior art of record fails to disclose an optical cable comprising a tube comprised of one of plastic and metal, stranded together around the tension member, and containing one or more coated optical fibers inside; and an outer sheath covering an outer periphery of the tube, wherein each of the coated optical fibers comprises a core region made of pure silica glass, and a cladding region

made of F-doped silica glass in combination with the other limitations of claims 26 and 34.

Claims 2-5, 24 and 25 depend from claim 26.

Claims 27-33 depend from claim 34.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
